

HAVE YOU SEEN A **BADGER** OR A **BADGER BURROW** IN THE EAST KOOTENAYS?

WE ARE LOOKING FOR SIGHTINGS FROM HIGHER ELEVATIONS.

Sightings help scientists understand where badgers live, travel and move through **HIGHER-ELEVATION HABITATS** and wildlife corridors.

Your observations help support the recovery of the endangered American Badger in the East Kootenays.

REPORT YOUR OBSERVATIONS TO:
info@goldeneyeecological.ca

Photos, dates, and GPS coordinates
from your observations are
especially helpful.

Goldeneye Ecological Services gratefully acknowledges the financial support of the Fish & Wildlife Compensation Program for its contribution to the East Kootenay Badger Conservation Initiative
Year 1 of 3. www.fwcp.ca
